LOCAL NEWS.

ENTERTAINMENT AT FALLS CHURCH. - The closing entertainment of the Falls Church home lecture course took place in Jefferson Institute of that town, last Tuesday night, before a crowded audience. The following was the programme: "Signal March," by the Falls Church band; duet by Misses Febrey; reading, "Mark Twain's Beef Contract," by Mr. John Deering; solo, "Beautiful Isle of the Sea," by Miss Hogan; recitation, "Courting," by Miss Parker; solo, "Beware," by Mrs. Fisher; "Wisdom Unapplied," by Mrs. Deering; "Twilight Schottische," by the band; tenor solo, "White Squall," by Sackett Duryce; reading, "The Work-house Clock," by Mr. Merrifield; solo and chorus, "Softly O'er the Rippling Waters," by Miss Hogan and others; recitation, "Paul Revere's Ride," Mrs. Fisher; closing with a quartette, "Rock of Ages," and "General Smith's March," by the band. reading, "Mark Twain's Beef Contract," by the band.

Mr. C. H. Buxton then stated that there would be a spelling bee, and exhibited two handsomely-bound volumes, saying that one would be given to the best lady speller and the other to the best gentleman speller. The audience elected Mr. W. W. Kinsley and Mr. J. C. DePutron referees, and Mr. Theophilus Hawkins, of Balston, pedagogue, who selected Rev. D. H. Riddle and Rev. B. W. Ponds captains, and they chose ladies and gentlemen from the audience for their assistants. The contest continued until about 11 o'clock. when all were down, Mr. and Mrs. Deering carrying off the prizes.

POLICE REPORT. - The following cases have been reported at police headquarters since yes-

terday afternoon: William Dudley, colored, for appearing on the streets in a nude condition; John Alexander, colored, for disorderly conduct in the grave yard; and Celia Keys, colored, for disorderly conduct, were sent to the work house for thirty days. Walter Fauntleroy, colored, for disor-derly conduct in the grave yard, and J. T. Bur-nett, Benjamio Doran and W. and G. Grady, for disorderly conduct at the intersection of Duke and Henry streets, were fined and discharged. Walter Ryan, for disorderly conduct on the streets, was discharged with a reprimand. Four lodgers were accommodated at the sta-

tion house last night.

DISORDERLY CONDUCT .- Alexandria has always been noted for her noisy boys, and there are no indications that she will lose that cause of notoriety. The time for the fuss to begin is usually after school hours in the evening, and from then till after dark, in some sections of the city, the din is continued, to the great annovance of the sick and nervous. The whole of north Royal street was in a lively ferment yesterday evening from the above mentioned cause, and to such an extent did it proceed, that some of the sufferers complained at police headquarters, and instructions were issued accordingly to arrest all noisy boys caught in any part of the city.

DEVILTRY.-While Mr. James H. Reid's family were seated in the parlor of their house, on Prince street, opposite the Farmers' and Mechanics's Savings Bank, about half-past eight o'clock last night, they were startled and alarmed by a stone that came crashing through the front window, and which had been thrown by a man who was seen, by those who ran to the door, to run up the street in the direction of the postoffice. The police were speedily informed of the occurrence, and think they have their eyes on the guilty party, who, if their surmises becorrect, should, and will be, severely punished.

CITY COUNCIL. - A regular semi-monthly meeting of the City Council will be held to-night. Among the other business that will probably be transacted will be the reception of the report of the special committee appointed to investigate the charges of inefficiency brought against City Surveyor Carter, and the consideration of the bills introduced a mouth ago abolishing the office of Clerk of the Gas Works and consolidating the Tax Collectorships into one office.

CITY POLITICS. - The Alexandria correspondent of the Baltimore Sun of this morning says: "There is a considerable movement here looking to a distinct local issue in the coming election. In all the wards it is understood candidates have been interrogated concerning their position upon a proposition to refuse to pay more than four per cent interest on the city debt, and it is understood that a ticket of men in favor of this refusal will be placed in nomination in every ward for the City Council.'

SNAKES. - Among the other evidences of the rapidly approaching warm weather is the appearance in large numbers of all sorts of snakes--some of unusually large size. On Sunday last two gentlemen, while strolling in the country just north of the city, came accross and killed a black snake five feet and eight inches long, and a moccasin three feet eight inches long, the latter of which resisted the attack made upon it. and chased his assailants up a hill before they succeeded in killing it.

RUNAWAY. - Mr. Richard Windsor's pair of horses ran away soon after they were taken from their stable on Columbus street this morning, and in turning into King street threw the colored driver out-fortunately, however, without injuring him-and smashing the carriage to which they were attached. They were seiz ed, at great personal risk, and stopped from causing further damage, by Mr. R. J. Dain-gerfield's colored hostler, Weedon Barber.

THE JAIL NOT A HOSPITAL .- Emily Falquit, the woman put in jail last Sunday afternoon on the ground of supposed insanity, and whose strange behaviour at the City Hotel was the occasion of that supposition, is now lying sick with what is thought to be typhoid fever, and should be sent to the infirmary or Poor's House, where she could have the benefit to be derived from nursing, which she necessarily loses at the jail. She has entirely recovered her senses.

DELEGATES TO THE EPISCOPAL COUNCIL. -The following named gentlemen have been elected by the vestries of the several Episcopal churches in the city representatives of those churches at the annual council of the diocese of this State: Christ Church, W. G. Cazenove, delegate; C. F. Lee, alternate. St. Pauls. Gen. M. D. Corse, delegate; Maj. Geo. Johnston, alternate. Grace Church, W. A. Smoot, delegate; Mr. Moncure, alternate.

FIRE. - The alarm of fire about nine o'clock last night, and, which brought out the whole of the Fire Department, was occasioned by a light in the direction of the Theological Semipary, supposed to have been caused by burning brush. Some excitement was created on King street by a collision between some of the returning firemen, but it soon subsided.

AL EXANDRIA LIBRARY. - At a meeting of the Directors of the Alexandria Library, held last night, arrangements were perfected for the Spelling Bee, which has been postponed until next Friday night. Committees were appointed to solicit subscriptions for the benefit of the Library, and the Committee on Library were instructed to purchase a large number of new

dent on the Baltimore and Potomac Railroad, yesterday evening, was greatly exaggerated by the reports that reached this city, one of which was to the effect that many had been killed, and among them some from Alexandria. The only person on the trains known in this city was Mr. Green, who was on his way to visit his son, Mr. Henry Green, of the firm of Downham & Co., and he was only slightly scratched.

STREET OBSTRUCTIONS. - The hose carriage of the Hydraulion Fire Company ran over a pile of rocks at the intersection of Queen and Pitt streets, last night, and almost immediately afterwards into a gully at the intersection of Pitt and Princess streets, from which it had to be extricated by the assistance of people living

supply the demand.

As a valuable remedy for Dyspepsia, Sick Headache, Torpid Liver, and such like diseases we can recommend Dr. Bull's Vegetable Pills. They are for sale by all druggists at 25 cents

New York, April 27. -Thousings of spec-tators gathered at St. Patrick's Cathedral, this morning, to witness the ceremony of conferring the Beretta or Cardinal McCloskey. There had been an enormous demand for tickets and numbers of those who had them found great difficulty in gaining an entrance. The streets in the immediate neighborhood were packed with human beings. The interest manifested was so great that representatives from every part of the Union were present. A number of front seats were reserved for invited guests, and among those seated in them were Chief Justice Daly, Judge Donohue, District Attorney Phelps, Sinchar Tonsey, Collector Arthur, Thomas Murply, and many other well the Indians. They say business is dull; sugar and coffee are selling slowly. Not so with Dr. Bull's Cough Syrup; we understand our druggists can hardly lowed long lines of clergymen, who, after making genuflexions before the High Altar, passed down the centre aisle, which was soon packed. When the surpliced priests had all taken their places representatives of various religious orders in the diocese began to emerge from the vestry in their picturesque habits. When the procession had all been arranged in proper places there was an interval of ten minutes, during which the church was filled with joyous music from the choir.

The procession of prelates at length emerged from the vestry with slow and measured tread. The audience rose. As the magnificent spectacle began to unfold itself, the scene was magnificent. The boys with picturesque robes and swinging censors, and dignitaries, in dark purple, preceded by Arch-bishops and Bishops. The procession was closed by celebrants of mass, Bishop Laughlin, of Brooklyn, Rev. Dr. Me-Glynn, Assistant Bishop, Rev. Father Me-Gear, Deacon, and Father Kean, Sub Deacon. Then came Cardinal McCloskey, the Papal envoys, Dr. Uboldi, Mgr. Roncetti, and lastly the tall figure of Count Murefoschi, of the Pope's Noble Guard, in his dazz ing uniform. Cardinal McCloskey, wearing his purple casock and mantiletta, knelt at the epistle side

of the altar. The Archbishop of Baltimore sat on his throne on the same side. The officiating Bishop and clergymen stood at the altar steps, and mass was commenced. At Confiteor the Cardinal stood up and proceeded to his throne at the gospel side, he alone, of Chapel A. M. E. Church of this city, has acall the prelates present, having a postotal staff, which was carried by an assistant. The Church of New York, and will soon enter upon officiating Bishop, after incensing the altar three times, sat down with the deac a and subdeacon. Bishop Loughlin read the Lacroit, recited the "Kyric," and entoned the "Gloria" the West, attracted a large crowd at the interin Excelsis," which was afterwards sump by the choir. The "Collects" were read by the celebrant, the epistle by the sub-deacon, and while Bishop Laughlin read the Gospel the control congregation rose to their inc. He turn entire congregation rose to their feet. He then chanted the words "Credo in unum Deum, and in a low voice recited the remander of the Nicene Creed. When it was concluded the celebrant, together with the assistant deacon and sub deacon, sat down until the choir had finished. Bishop Laughtin returned to the altar, where, after the customary Dominus Vobiseum and Oremus, he proceeded to read prayers at the offertory. The deacon and subdeacon then prepared the sacred vessels and the bread and wine. Mercandant s quam Church was a level sea of heads from right to left, from sanctuary to doors. Right, left and centre aisles were packed as full as could hold with people who were glad to get standing When the bell tinkled to announce the opening of the "Canon" or solemn part of the ceremony the people standing made an attempt to kneel but were unable to do so, they were massed so tightly together, and a very unusual speciacle was wine sed of bundreds standing up during the consecration. Towards the end of the mass was introduced the ceremony of giving "Pax" or the kiss of peace. Pax was given from one to other until it passed along to the right and left all through the crowded sine uary. When mass was finished the interesting part of the ceremony commenced. Cardinal McCloskey rose and koelt at the left band side of the alear. The Archbishop of Baltimore, stepped down from his throne and knelt at the epistle side. The audience rose with perceptible excitement, and some crowded up among the clergymen in the sanc tuary. The legate, Mgr Roucetti, stood beside Archbishop Bailey, and in a loud, clear voice stock, in beautiful patterns.

D. F. BRASHEAR, read the message, in Latin, from the Pope to his venerabilis frater, Archbishop of Baltimore, setting forth the reasons which induced him to confer the Cardinalate on Archbishop Mc-Closkey, and at the close handed him the brief, authorizing him to confer the beretta in this newly appointed Prince of the Church. The Archbishop having replied, in Latin, passed the brief over to Father McGean, Deacon of the mass, who then read it. Count Marcfaschi then surrendered the beretta to Mgr Roncetti, who handed it to Archbishop Bailey, who then walked over to the Cardinal, and placed the Having just returned from the above cities we are now prepared to show the finest selection of dinal made a suitable reply, also in Latin, and after intoning the Te Deum retired to the vestry and put on the crimson robe of his office, and returned to the altar, while the choir sang the Te Deum. At the close of the hymn the Cardinal gave the Pontifical Benediction, and the ceremonies were ended and the rest of the congregation passed out of the Cathedral.

The Black Hills.

NEW YORK, April 27 .- A Chicago dispatch says: Mr. Jenney's geological and topographical exploring exhibition to the Black Hills and vicinity, headed by the Government Scientific Commissioner and accompanied by a military escort under Lieut. Col. Fred Grant. will start about the 10th of May from Yank- Hams and Breast Pieces just received and for ton, Dakota, proceeding thence by a small steamer up the Missouri to Fort Abraham Lincoln. Its ultimate destination is the Yellowstone valley, which will be thoroughly surveyed, the waters of the river sounded, and the mineralogical features of the region examined. The Yellowstone river will be navigated as far as possible, the expedition intending to follow it a distance of 150 miles, with the view to making charts of its course, depth of water. and height of rapids and cascades. Another expedition will in course of the season be sent out, led by Gen. Custer, its destination being the Big Horn and Powder River region.

Steamer Overdue.

NEW YORK, April 27 .- The steamer Metropolis is a week overdue at this port from Hamilton, Bermuda, which place she left on the 15th, and fears are entertained for her safety The first officer of the Canima, which reached here yesterday from Bermuda says the Metropolis had, he thought, only five adult passengers. Among her passengers are Mrs. Eng and three children, of Baltimore. The crew numbers about thirty persons. Her owner, who says, she has fifteen or sixteen passengers; thinks she has broken her machinery, and is kept by headwinds from reaching New York. She is a screw steamer of 900 tons burden.

IMPORTED ONLY BY THE

GUANAHANI GUANO COMPANY. PETERSBURG, VA.

In offering this FERTILIZER to the Agricultural Community a Second Sesson we do so with

In offering this FERTILIZER to the Agricultural Community a Second Season we do so with the utmost confidence, feeling satisfied that the high opinion we formed and expressed last season, based on its Chemical Constituents, has been most satisfactorily borne out by the test by which all Fertilizers must be judged—that of the Plantation.

Last season, owing to the lateness at which we commenced importing, we were forced to put our Guano on the market at once, but now having continued our importations during the summer and fall, and having large and well ventilated Warehouses in Petersburg and City Point, we are needed to put our Guano on the market in a condition, as to dryness and freedom from lumps. enabled to put our Guano on the market in a condition, as to dryness and freedom from lumps.

enabled to put our Guano on the market in a condition, as to dryness and freedom from lumps, equal to any manufactured Fertilizer.

We solicit a careful perusal of our Circular, containing the certificates sent us, and which can be had on application at this OFFICE, or from any of our AGENTS. Having nothing to conceal, be made an innovation on established usage, by publishing those letters received unfavorable to our Guano; but careful inquiry in many cases proves that the cause of its failure was not owing to any fault in the Guano, but to those far beyond our control. We have frequently heard the same complaints of its kindred Fertilizer, Peruvian Guano, but the concurrent testimony of well known Farmers and Planters from Maryland to the extreme Western counties of North Carolina, justify us in claiming a place for our Fertilizer Superior to many, and Second to None.

We confidently expect the continued patronage of the Agricultural Community, and no exertion shall be spared on our part to make

tion shall be spared on our part to make GUANAHANI

THE STANDARD FERTILIZER

For the Cotton, Tobacco and Grain Crops of the South.
